

# CERAMICS

- the use or technique of making objects of ceramic that harden when \_\_\_\_\_.

## CLAY:

Clay is made up of these three substances; 1. \_\_\_\_\_  
2. \_\_\_\_\_  
3. \_\_\_\_\_

## STAGES OF CLAY:

1. \_\_\_\_\_ *This is the soft clay, that is very easily shaped and formed.*
  2. \_\_\_\_\_ *Partially dry clay, can still be cut or carved*
  3. \_\_\_\_\_ *completely dry, but not fired. VERY fragile.*
  4. \_\_\_\_\_ *fired once, but not glazed*
  5. \_\_\_\_\_ *final stage. Piece was glazed and fired again.*
- 

*Match the clay building technique with the correct diagram and definition.*

\_\_\_\_\_ Slab Construction

\_\_\_\_\_ Pinch Pots

\_\_\_\_\_ Coil Building
