## ZENFANGLE SELF RESPONSE:

Answer the following questions, using complete sentences;

Responding: Where did you succeed best in this project? Where is an area you hope to improve?

## **Using Knowledge:** How well did you use your learned knowledge of *zentangles* to complete the <u>composition</u> of your pen drawing? Are there multiple patterns and multiple lines?

I did not use zentangles to create my image. I do not understand what a zentangle is.	l understand how to create a zentangle, but my finished project shows very little change and examples of zentangles.		better to ir pattern. N incomplete	ave worked iclude more ly project is e/shows few entangles.	shows zentangles could have	eted project s many s, however, l e spent more ny details.	My completed composition shows many zentangles and types of lines. I took my time to complete lots of detail in every space.	

**Developing Skills:** Did you use Sharpie markers to show thin/thick lines in your design? Is the mark making controlled and good craftsmanship (neatness) is evident throughout the project? Was your collage image cut using the exacto knife?

Incomplete.	My Sharpie marks and cutting were rushed. Lines are messy. I need to practice using the material more.		My Sharpie marks are messy. I could have spent more time on my craftsmanship to improve the overall artwork quality.		My artwork is done well. There were a few places where my marks start to become messy.		All areas of my artwork express controlled Sharpie marks. My image was cut out neatly using an exacto knife.	

## Thinking Creatively: Is your cropped image incorporated into your zentangle lines. Collage works well together.
